Integrated Symposium:
Patient pathways in difficult to treat infections*
*Complicated intra-abdominal infections (cIAI) and complicated skin and soft tissue infections (cSSTI) due to Gram+ and Gram- bacteria, invasive candidiasis/candidaemia, and invasive aspergillosis

ESCMID appointed chair: Ms Dr Rosa Bellmann-Weiler, Innsbruck, Austria
Industry chair: Mr Prof Dr Emilio Bouza Santiago, Madrid, Spain

Introduction and objectives
Mr Prof Dr Emilio Bouza Santiago, Madrid, Spain

Considering a multidisciplinary approach in the treatment of cSSTI
Mr Prof Philippe Montravers, Paris, France

Patient pathways in cIAI: taking a multidisciplinary approach
Mr Prof Dr Christian Eckmann, Hannover, Germany

Patient-centred decision making in the treatment of invasive candidiasis
Mr Prof Dr Gabriele Sganga, Rome, Italy

Different approaches in the management of patients with invasive aspergillosis
Mr Dr Raoul Herbrecht, Strasbourg, France
Mr Dr Johan Maertens, Leuven, Belgium

Panel Q&A

Organized by: Pfizer Europe
